OBJECTIVE

- Seeking for a job thats offers growth opportunities and allows me to utilize my leadership skills and experience.

EDUCATION

B.S in Computer Engineering September 2016 — Present
Çankaya University

Cambridge IGCSE May 2012 — 2015
Global International School

WORK EXPERIENCE

Rakun AR-GE (Rakun R&D) July 2019 — August 2019
Front-end Developer

Performed internship in the department of "Information Technology and Research", developed a project which consisted of "Telemetry" which included Arduino Mega microcontroller and multiple sensors (Humidty, Temperature, Movement, etc.) where all sensors are blended and coded into the microcontroller thus data is inserted into a database where then it is fetched to display live graphical data, front-end development was my part, i used HTML,CSS,Bootstrap for the design of the website as for displaying live grapical data, i used PHP,JQuery, Chart.js, and JSON.

Karayolları Genel Müdülüğü August 2018 — September 2018
Cyber Security

Internship accomplished at the company, I have learn and experienced the basics of cybersecurity and some of the softwares used including PaloAlto, Trend Micro Cloud, and more.

Waraqiah Printing Press
Support Worker

A family profession, grown up to be quite familiar with printing press operations and treatment of customers in general. Also familiar with unit operations, types of machinery, material and paper. Elementary experience with printing press machinery and some technical skills. Very experienced labourer.
